# TREE-REX

## Mk2

### INDUSTRIAL DUTY LOG SPLITTER

## PRICES

ALL PRICES BELOW EXCLUDE GST

VALID TO JUNE 2017

**NOTE: The "base-price" Tree-Rex** (i.e. lowest cost, without extras or upgrades) is configured as follows: "Professional" safety regime; Prince 2,750 psi valve NO Auto-Return; Sacrificial sliders on Wedge carriage; Low cost generic pull-start motor. **Prices are indicative because discount % progressively increases.**

### TICK THE FEATURES REQUIRED; THEN ADD THEM UP

#### SAFETY Configuration Classes:

|  |        |
|--|--------|
| "Professional" for Permanent Trained Staff (Typical industrial user) | \$ 0   |
| Extra for "Casual Share" Safety Interlocks = Cooperative Users       | \$ 332 |
| Extra for "Casual HIRE" Safety Interlocks = Public Hire              | \$ 306 |

#### 3-Point Linkage Tractor Mount Splitter (Cat 1 or 2):

|   |          |
|---|----------|
| Driven by your Tractor hydraulics (i.e. Control Valve + Hoses only) | \$ 7,463 |
| Extra for: Plug-in PTO Geared Pump, and a Tank on the splitter:     | \$ 2,692 |

#### Forkliftable-Stand Mounted Splitter, 9.5hp Generic-motor power pack:

|  |           |
|--|-----------|
| Pull start economy motor, complete stand-alone machine | \$ 10,463 |
|--|-----------|

#### Trailer Mounted, 9.5hp Generic-motor power pack:

|  |           |
|--|-----------|
| Non-road use. Pull start economy motor, ready-to-run machine | \$ 11,420 |
| Add lights, WOF, Reg, for Road use                           | \$ 697    |
| Add spare wheel and mounting                                 | \$ 262    |
| Add sprung axle (standard is solid mount)                    | \$ 169    |
| Add Rear Tow ball for second trailer (NON road use only!)    | \$ 144    |

#### Log Ring Lifter (3 types available):

|   |          |
|---|----------|
| Side Lift "Hook-N-Hoist" Economy, Strap Powered                         | \$ 1,679 |
| Side Lift Hydraulic Powered (Our recommended choice)                    | \$ 2,714 |
| Rear Lift Hydraulic Powered (Not recommended, not as safe as side lift) | \$ 3,096 |

#### Upgraded Motor:

|  |                |
|--|----------------|
| Upgrade to KOHLER 9.5hp pull start motor (longer life, continuous rated) | Extra \$ 473   |
| Upgrade to KOHLER 14hp electric start + Battery                          | Extra \$ 1,140 |

#### Miscellaneous Extras:

|   |        |
|---|--------|
| Detent on Splitter Valve (Auto Self Return) - Professional Class machines only        | \$ 35  |
| Walvoil 3000psi valve (No detent) instead of lower pressure-rated Prince Valve        | \$ 157 |
| Rubber Gasket to tank lid instead of sealing compound (easier maintenance)            | \$ 59  |
| Wedge Carriage with side rollers instead of sliding shoes (reduces wear; longer life) | \$ 419 |
